Keyboard Controllers

MOTÖR 49

49-Key USB/MIDI
Master Controller Keyboard with
Motorized Faders and
Touch-Sensitive Pads

- 49 semi-weighted full-size keys featuring expressive velocity and after-touch functionality
- 9 motorized 60 mm touch-sensitive faders to control your DAW mixer, drawbar organ, soft synths or effect units
- 8 backlit drum pads with velocity and pressure-sensitivity for ultimate drum and sample-loop performance
- Standard MIDI and Mackie Control* modes for ultimate flexibility with your DAW software
- Hardware-based arpeggiator allows creation of complex patterns regardless of software limitations
- Ultra-precise, illuminated endless rotary encoders with LED rings provide a clear overview of all software parameters
- Backlit transport section for direct access to your DAW record/play engine
- Quick individual bank select for faders, encoders and pads
- Large backlit LCD screen for optimal overview, easy editing and quick status check
- Built-in presets – no complex mapping required; additional free user presets for your favorite software/hardware assignments
- Flexible communication via USB or MIDI In/Out/Thru – including merge functionality

The MOTÖR 49 master keyboard controller allows you to take total command over your virtual instruments and DAW (Digital Audio Workstation). Featuring amazingly-smooth action, motorized faders and touch-sensitive pads, the MOTÖR 49 provides an unparalleled level of control for the ultimate creative expression. The 49 semi-weighted full-sized keys, 60 mm faders and backlit drums give you hands-on control over all the parameters of your favorite DAW. An incredible hardware-based arpeggiator enables you to instantly add arpeggios to software and hardware synths and create complex arrangements on the fly.

MOTÖR 49's endless rotary encoders provide immediate feedback about your software, plus the convenient, backlit transport section puts all playback and record functions right at your fingertips. You get fast, easy-to-read information at-a-glance, thanks to MOTÖR 49's spacious, backlit LCD screen. We've also loaded this amazing controller with a variety of extremely-useful presets (and even more are on the way), so you can start creating quickly, without mapping or instant recall. Ready to go right out of the box, just connect to your computer and download the free audio recording, editing and podcasting software at www.behringer.com, which comes with 150 instruments and effects plug-ins. MOTÖR 49 is the fast and easy way to get you back "in-touch" with every element of your creativity.

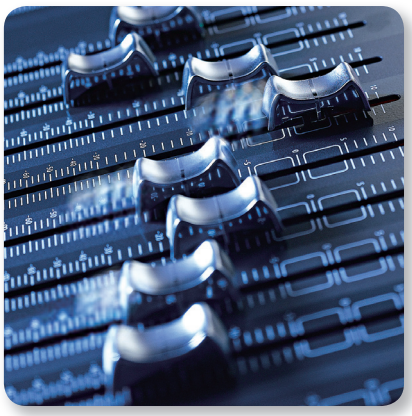
MOTÖR 49

49-Key USB/MIDI
Master Controller Keyboard with
Motorized Faders and
Touch-Sensitive Pads

- Plug and play with Mac OS X and Windows XP or higher operating systems
- Free audio recording, editing and podcasting software plus 150 instrument/effect plug-ins downloadable
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

An Awesome and Illuminating Experience

The keyboard features 49 expressive, full-sized keys with velocity and aftertouch to deliver a superior feel. You'll like the weighted feel of the large keys. And after you strike one of our sturdy keys, it responds in ways that will please the most seasoned musician. Aftertouch will imbue your sound with variations of pitch, volume, modulation or color – whatever parameters you choose. Whether you have a heavy, or soft playing style, MOTÖR 49 always responds to your touch.



Faders that Dance with Your Music

The days of keyboard players setting up a separate MIDI fader controller are finally over – a new day of empowerment and ease-of-use has dawned, thanks to MOTÖR 49's nine motorized 60 mm touch-sensitive faders. Now you get the very same technology found in our award-winning X32 digital mixing console to give you the ultimate control over your DAW mixer, soft synths or effect units.

Mac and OS X are trademarks of Apple Inc., registered in the US and other countries. Windows XP is a registered trademark of Microsoft Corporation in the United States and other countries. Mackie is a registered trademark of Loud Technologies, Inc.

Touch-Sensitive Pads

Dedicated, Sensitive Drum Pads

Much like MOTÖR 49's keyboard, the back-lit drum pads are velocity and pressure sensitive, letting you take your drum performance and sample or loop triggering to the next level. Sequence beats, or fire off your favorite sample or effect and save your keyboard for more expressive play.

8 illuminated Rotary Encoders

When switching between plug-ins, MOTÖR 49's rotary encoders automatically, and visually let you know where plug-in parameters are set. The 8 ultra-precise, brightly, illuminated encoders and LED collars provide a clear and instant overview of all software parameters at all times – allowing you to stay in the creative moment.

Drum Pads On Deck

When it comes to create really-captivating drum tracks – MOTÖR 49's dynamic drum pads make all the difference! By providing total control over soft synth drum sounds, with a real drum feel that simply must be experienced, 8 velocity and pressure-sensitive backlit drum pads re-define the ultimate drum and sample-loop performance.

Automatic Mapping

The MOTÖR 49 works right out of the box, with MIDI and Mackie Control* modes that automatically map all 49 keys to commonly used parameters of popular software instruments and audio workstations. Plus we offer free user presets for your favorite setup, including specific software/ hardware combinations.

Transport Always Ready for Your Inspiration

The backlit transport section on the MOTÖR 49 provides quick, fingertip access to your playback and record modes – and swapping between faders, encoders and pad banks is as simple as the press of a button. Easy – amazingly easy!

Arpeggiate and Unleash Your Creativity

The hardware-based arpeggiator lets you add arpeggios on the fly, helping you create complex arrangements. Electro-Pop and EDM are filled with arpeggios and the MOTÖR 49 adds this ability to ANY soft synth with the most-advanced arpeggiator in the industry.

Sublime Flexibility

With the fantastic MOTÖR 49 at your command, you can communicate with your Mac or PC and instruments via USB or MIDI In/Out/Thru – including merge functionality. And and absolutely free of charge audio recording, editing and podcasting software suite, complete with 150 instrument and effects plug-ins – is just a download away at www.behringer.com!

You simply won't find a more versatile USB/MIDI master controller keyboard with motorized faders and touch-sensitive pads at this price. Whether you want to rock out drum patterns, play a synth or tweak tracks in a mix, the MOTÖR 49 has the amazing feel and response to turn you into the master of your musical software. Get the MOTÖR 49 today and start creating your next masterpiece tonight!

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world.

As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
